The MARYLAND GAZETTE.

[XXIIᵈ Year.] THURSDAY, *May* 28, 1767. [Nº. 1133.]

BERLIN, February 18.

PRINCE Dolgoroucki, Minister from the Empress of Russia at this Court, hath published a Writing, entituled, "An "Exposition of the Rights of the Protes- "tants, and of those of the Powers inte- "rested to maintain them."

Warsaw, Feb. 4. The Russian Troops continue to occupy nearly the same Quarters; they are not chargeable to the Inhabitants; and General Count de Soltikow causes strict Discipline to be observed among them.

Constantinople, Jan. 6. It is assured that the Porte has made Peace with the Georgians, upon Condition that they shall yearly bring 20 fine Female Slaves to the Seraglio, either Georgians or others; but that the Ottoman Officers shall not have it in their Power to refuse or exchange any of them.

Venice, Feb. 13. A Letter from Cairo, in Egypt, brings Advice, that a rich Merchant of that City had procured Letter-Founders and Printers from England, at his own Expence; by which Means he had established a Printing-House, in which he printed an excellent Work upon the Properties, Culture, and Commerce of Coffee; and that they are preparing to print an elegant Edition of the Alcoran, with Comments by Aben-Arum.

Paris, Feb. 23. Several Letters from Italy advise, that the Jesuits in Spain export large Quantities of Silver from Cadiz to Genoa, and thence to London, from the Confidence they have in the Court of England.

Feb. 24. The Dauphiness is extremely weak, and on Saturday received the Sacraments.

Warsaw, Feb. 12. By Letters from the Frontiers we are informed, that great Numbers of Recruits are raising in the States of the Empress Queen, and in those of his Prussian Majesty. The King hath created Count de Bruhl Inspector of the new Foundery of Cannon.

Vienna, Feb. 21. The reigning Prince of Anhalt-Zerbst, Brother of the Empress of Russia, and Lieutenant-General of the Austrian Army, having repeatedly desired to resign his Military Employments, their Imperial Majesties have with regret consented to it. The Motive of this Prince's Resignation is not known. The Regiment of Cuirassiers, of which he was Colonel, is given to the Count de Podstatsky, General of Horse.

Madrid, Feb. 12. It is assured, that Spain and the Empire of Morocco have concluded a Treaty of Union offensive, against the Regency of Algiers. The Emperor of Morocco, at the Head of a numerous Army, which the King of Spain will maintain at his own Expence, will march, it is said, to Algiers, while 22 Spanish Ships of the Line, with 22 Xebecks, and Two Bomb-Vessels of the same Nation, will block up and bombard the Port thereof. It is believed, that Orders relative to this important Enterprize are already sent to Ferrol, and to all the Spanish Colonies in Africa.

Leghorn, Feb. 11. According to Letters from Tunis, of the 10th of January last, it is highly probable that the Peace between the Regency there and the Grand Dutchy will soon be concluded; the Bey having consented to an Article, by virtue of which his Corsairs will be obliged to keep at the Distance of Ten Miles from the Coasts of Tuscany.

The same Letters mention the Arrival there of an Emissary from Pascal Paoli, named Paciola, formerly a Lieutenant in the Genoese Troops, and charged with a Commission for negotiating a Treaty of Peace between the Bey and the Malecontents of Corsica. If this Negotiation should meet with Success, it would be a great Disadvantage to the Subjects of some Italian States; because the Tunisian Corsairs will find, upon occasion, an Asylum in many Ports of the same Island.

Leghorn, Feb. 12. In the Memory of Man there has not been at one Time so great a Number of Ships at Anchor, and in the Harbour of this City, as there is now. Since the Space of Eight Days there are arrived 32 from different Nations, many of whom had for their lading together 33,200 Sacks of Corn.

Turin, Feb. 18. Orders are given for the King's Troops to [illegible] a complete Footing by the End of next [illegible]

Warsaw, Feb. 14. Some considerable Corps of Russian Troops are assembled on the Confines of Russia on the Side of Lithuania, which are thought to be destined to augment those already in this Kingdom.

Naples, Feb. 24. An Earthquake has happened here this Morning, which has thrown down some Houses, and done other Damage; it is thought to have been occasioned by a sudden Eruption of Vesuvius. The whole City is in the greatest Consternation, and the Diversions of the Carnival are stopped.

Civita Vecchia, March 1. The Corsicans intend to continue the War with Vigour against the Genoese, as soon as the French Troops are withdrawn; and Councils are frequently held at Genoa, to consult upon the proper Measures to be taken to resist the Force of General Paoli, after the Departure of the French.

Ratisbon, March 6. At the Meeting of the Evangelic-Body, held the 4th of last Month, it was unanimously agreed by the Assembly, to address the Emperor in the most respectful Manner, and Petition for an Address of their religious Grievances, and the Restoration of Liberty of Conscience.

Silesia, March 7. They talk here variously of the Situation of Affairs in Poland. Some say, that Means will be found out to terminate them amicably, and that for this Purpose a new Diet will be held. Others pretend that a War between Russia and Poland is inevitable, and that of the former has already declared, she will do it soon. In order to abridge this War, Russia, it is said, will employ directly an Army of a Hundred Thousand Men. As yet we do not perceive, that the Court of Vienna has any Design to enter into this Affair. It remains to know, whether Circumstances may render its Neutrality necessary. The great Tranquility, which is observed on this Head in all the Roman Catholick Courts, seems to give us to understand, that the Event alone will determine them. If unhappily other Powers should interfere, the War may become more general than was at first imagined.

Hamburgh, March 13. A Rumour prevails here, that a Body of 30,000 Prussians are marching from Silesia for Poland; but the Report is probably without Foundation.

LONDON, *Feb.* 27.

Private Letters from Lisbon mention that Count D'Oyeras, the Portugueze Premier, has at Length declared his earnest Desire of the Arrival of Mr. Littleton, that all the Differences between the two Crowns might be speedily and amicably settled.

Feb. 28. It is said that our Minister to a certain Republic will soon be recalled.

The Affairs of Geneva are, we hear, compromised to the Satisfaction of all the Parties concerned.

Extract of a Letter from Brest, dated Feb. 12.

"A Man of War and a Frigate are arming here, of which M. de Brugnon is to have the Command. This Officer, it is said, hath Orders to sail to Sallee, to make Proposals of Peace to the Emperor of Morocco; but if they are rejected, a more considerable Force will soon be sent towards the Ports of that Barbarian Prince.

They write from Genoa, that the Senate had received Intelligence, that the Malecontents of Corsica had actually made Preparations for investing several strong Holds occupied by the Troops of the Republick, both by Sea and Land.

They write from Berlin, that the Corsican Agent lately arrived there, had set out for the Hague, without its being publickly known what had been the Success of his Negotiation.

March 3. We hear, the last Letters from Copenhagen bring an Account of the Pregnancy of her Majesty the Queen of Denmark.

A Gentleman, said to be named Davers, died at the Angel Inn, Islington, a few Days ago, supposed by Poison; a Card, which he was seen to write some Hours before his death, contained the following Words: "Defended from an antient and honourable Family, I have for Fifteen Years past suffered more from Indigence than ever Gentleman before submitted to: Neglected by my Acquaintance, traduced by my Enemies, and insulted by the Vulgar, I am so reduced, wore down, and tired, that I have nothing left but that lasting Repose, the joint and dernier Inheritance of all.

Of Laudanum an ample Dose
Must all my present Ills compose:
But the best Laudanum of all
I want; not Resolution, but a Ball. *T. D.*"

March 5. If the Foreign Prints tell Truth, that the Genoese are constantly building Ships of War for the French; and the French themselves, under Pretence of being called in by the Genoese, to preserve their Sovereignty over the Island of Corsica, have cut down the Timber on that Island proper for building of Men of War, and constantly transported it from thence to Marseilles, or Toulon, and may continue to do so; where is the Danger, Impropriety, or Injustice, for Britain to take these Islanders under her Protection, and prevent thereby the like Evils for the future? The Navies of France and Spain are daily increasing. The Consequence is to be dreaded. If we have Sixty or Seventy Sail of Line of Battle Ships, they have more; the Manning of them must be left to Events, in themselves uncertain.

A large Ship, supposed to be a Virginiaman, is lost about Four Miles Westward of where the Lord Clive is on Shore, and it is supposed all the Crew perished.

March 10. It is said that America is to be Taxed to make good the Deficiency of the 500,000 *l.* taken off the Land-Tax.

It is said the Changes are all over.—The Gentleman who was to take the Lead in the intended Resignations is satisfied; in consequence of which the rest are content with their present Situation.

It is said that Bills of Exchange, to a very considerable Amount, have within these few Days been remitted here from Poland, to be invested in our Funds.

They write from Paris, that the Value of the Imports during last Year from the Islands of Hispaniola, Martinico, Guadaloupe, &c. in the West-Indies, fell short of the Produce of the Year 1765, about Two Millions of Livres, notwithstanding the late Accession of all Hispaniola.

March 12. It is confidently reported, that his Majesty has declared his Intentions to support a Royal Academy for the Encouragement of the polite Arts.

The Differences and Disputes among the Great Ones, at the West-End of the Town, it is now said, are happily compromised, on which Account the expected Changes in the Ministry will not take place.

We are informed that 1,800,000 *l.* will be raised by Loans on Exchequer Bills, on the same Plan as last Year.

We are told that there were no less than 25 Persons, against whom Statutes of Bankruptcy were issued during the Course of last Year, who kept their Carriages. A remarkable Instance of Extravagance amongst the Tradesmen of the present Generation.

We hear that the Earl of Chatham has had the Honour, since his Arrival in Town, of Three Private Conferences with his Majesty, at the Queen's Palace.

Her Royal Highness Maria Josepha, Dauphiness of France, died about 8 o'Clock in the Evening of the 13th Inst. in the 36th Year of her Age. She was a Daughter of Frederick Augustus the Third, King of Poland and Elector of Saxony, and of Mary Archduchess of Austria, eldest Daughter of the Emperor Joseph. She was married the 19th of February 1747, to Louis the Dauphin of France, who died at Fontainbleau the 20th of Dec. 1765. The Issue of this Marriage are their Royal Highnesses the Dauphin, the Count de Provence, the Count d'Artois, and two Princesses. The King and Queen, and the Royal Family, are gone to reside at Marly for some Time.

By a Gentleman arrived in Town last Week from Brest, we learn that a Rear Admiral was to set sail from that Port, in a few Days, with Three Ships of 74 Guns, Two of 60, and Three of 50 each; but that their Destination was kept a profound Secret.

It is reported that a certain great Man has strongly enforced the Expediency of Great Britain

maintaining the Corſican Nation in their Independancy, and that even the Miniſters of Two Foreign Powers have made ſome late Applications to our Court in their Favour.

They write from Minorca, that Orders had lately been received from London for the Militia of that Iſland to be put upon a reſpectable Footing.

Yeſterday two Companies of Matroſſes embarked on board a Tranſport Ship at Woolwich, for North-America.

Orders are ſaid to be given for a Number of Tents to be ſhipped at the Tower for Barbados.

On Monday ſeveral Veſſels laden with Corn arrived at Lynn and Yarmouth from Holland.

A Letter from Liſbon, dated January 30, ſays, "In my laſt I acquainted you with the Publication of a Pamphlet againſt the Papal Supremacy, which made much Noiſe, and greatly diſturbed the Clergy; ſince that Time Political and Commercial Matters have been more immediately the Objects of our Attention, and it is generally believed that a Rupture between England and Portugal cannot now be avoided, as the Portugueſe Miniſtry reject, with implacable Obſtinacy, all the Memorials of Mr. Hay, who had ſeveral Conferences with them within theſe few Days, but which have no Way tended to bring Matters to a ſpeedy Concluſion. Several Engliſh Merchants are preparing to leave this Place with their Families, and will embark the firſt Opportunity for England."

We are credibly informed, that a Plan is now under Conſideration, for laying a Tax on Livery Servants, which is to be doubled on all Foreigners, to make good the Deficiency of the Land-Tax, on being reduced to 3 s. per Pound.

March 17. We hear that a Right Hon. Peer has laid a Plan before his Majeſty, for reducing the exorbitant Price of Proviſions.

It was this Morning reported, that a reſpectable Britiſh Squadron, would ſhortly make its Appearance in the Mediterranean.

A Merchant who lately failed for an immenſe Sum of Money, we are told, left an affecting Letter behind him, declaring, that all he had taken away was 100 *l.* recommended his Family to the Humanity of his Creditors.

The Creditors of the above Merchant who went off laſt Week, have wrote a preſſing Letter to him to deſire he will return; the Face of his Affairs appearing to be much more favourable than was at firſt imagined.

It is ſaid that our truly great Patriot has a Law in Contemplation, to oblige all Candidates for Seats in Parliament, to take an Oath, at the Time of their Election, that they have not offered, either Bribes, Threats, or any other Means to corrupt their Election.

We hear that ſeveral Species of Mineral Ores, Coral and Pearls, are brought home in the Jaſon Man of War, from her late Diſcoveries in South-America.

March 24. They write from Genoa, that a Corſican Expreſs had juſt arrived with Advice, that the Count de Marbœuf had broke up the Line which was formed laſt Summer, to prevent a Communication with Paoli's Troops, by which a free Intercourſe had taken Place between the Malecontents and the French.

Letters from Amſterdam, by the laſt Dutch Mail, mention, that 2000 Tons of Cordage had lately been ſhipped at that Port for the Uſe of the French Marine at Toulon.

It is the reigning Report, at the Weſt-End of the Town, that we ſhall ſhortly ſee a new War break out in Germany between two powerful Royal Houſes.

SCHEME
OF THE
MARYLAND LIBERTY LOTTERY.

THE Lower Houſe of Aſſembly of *Maryland* have repeatedly and ineffectually hitherto, ſince Seventy-Hundred and Thirty-nine, RESOLVED, That his Lordſhip hath no Right to collect Twelve-pence per Hogſhead on Tobacco exported.

A Conſtitutional Tax on the People to ſupport an Appeal of the Appointment of the Lower Houſe, has been greatly deſired, frequently attempted, and as often refuſed by the Upper Houſe.

The Lower Houſe of Aſſembly contend, That the Charges of the Council his reaſonable Reward, as well as every other Expence neceſſarily attending the Execution of the Powers of Government, ought to be defrayed out of the *Fines*, *Forfeitures*, *Amerciaments*, and *other Monies* received by the Government for the Support thereof; and, "That Senti-"ment being directly oppoſite to the Opinion the Upper "Houſe had, on mature Conſideration, formed upon the "Subject of the Clerk of the Council's Claim," principally occaſioned the Non-payment of the Public Debt for upwards of Ten Years: The Diſtreſs of Trade for Want of a Circulating Medium, and the extreme Neceſſity of Public Credit, compelled the Lower Houſe to agree to an Appeal to his Majeſty in Council, on the Subject Matter of Difference, without the Allotment of any Public Money for that Purpoſe, as the only Means to ſettle Diſputes, reſtore Public Credit, and lay a ſure Foundation for the future Eaſe and Good of the Province.

A Subſcription therefore, by RESOLVE of the Lower Houſe, has been Open'd, and Subſcriptions are taken in by every Member, for maintaining an Agent, and ſupporting the Appeal on the Part of the People, as well as obtaining Redreſs of their *other* Grievances; and, by RESOLVE of the Lower Houſe, as an additional Means of raiſing Money for the ſame Purpoſes, the following SCHEME of a LOTTERY, by which to raiſe One Thouſand Pounds Common Money, is ſubmitted to the Public.
